\$30,000.00

The Iconn Evo Hypercamper® is expertly designed to reduce overall size while maximising functionality and internal space, ready to explore the varying terrains of the beach, the bush and everything in between.

With a striking charcoal exterior and now featuring full size door, wind out awning and additional storage compartments, the Iconn Evo is every bit as capable as our other models but now even more convenient and functional.

[WWW.OVERLANDINGNORTHAMERICA.COM](http://WWW.OVERLANDINGNORTHAMERICA.COM)

A man is sitting in a chair under a pop-up camper in a forest. The camper is white with a black awning. The man is wearing a white shirt and shorts. The background is a dense forest with many trees. The foreground is a rocky stream bed with some green plants.

# SET UP IN SECONDS

Just like our other models, the Iconn Evo has been designed for a quick, easy and stress-free setup so you can spend more time exploring, adventuring or just relaxing by the campfire. Set up in no time at all with a pop top roof, swing out kitchen and wind out awning which provides protection from the elements – so whether you're escaping the summer heat or sheltering from the rain, you can make the most of every single moment.

**ICONN  
EVO**

Swing out kitchen with bench extension features a flush mounted 2-burner stove top with stainless steel 4.5G sink and incorporated mixer tap. Under sink cavity offers an additional 1.8 cubic feet of storage. Secured on heavy duty latch-able slides.

This camper has been designed to provide the Australian camper market with an affordable and innovative camping solution that boasts the same high quality, attention to detail and great customer service that we deliver across every model within the Lifestyle Campers range.

This compact yet incredibly capable camper trailer is an embodiment of what a camper trailer should offer –  
INNOVATION, QUALITY, FUNCTION & VALUE FOR MONEY.

## OVERLANDING NORTH AMERICA

6336 N. Oracle Rd STE 326  
Tucson, AZ 85704  
Ph: 602-909-3866

Overlanding North America is a Veteran Owned Small Business dedicated to family, exploring and the Pursuit of Adventure.

We don't like to compromise on comfort when we're on the trail, but with the type of places we like to go, weight and size matters. Our growing family had tried almost every type of camp set up and we were never quite satisfied on our adventures until we found lifestyle campers.

We felt a responsibility to our fellow adventure families to share these amazing trailers that can go off grid, get you where you want to go while keeping your family in safety and comfort for your journeys wherever they take you!
